

## Press Release

### **AZTECH WINS AGAIN SIAS INVESTOR CHOICE AWARD 2007 Most Transparent Company Award**

**SINGAPORE, 5th October 2007** – Aztech Systems Ltd (“Aztech”) is pleased to announce that it has won the 2007 runner up award of Most Transparent Company Award in the Mainboard small cap category, at the Securities Investors Association of Singapore (“SIAS”) Investors’ Choice Award 2007.

Following a similar award clinched last year in the SESDAQ category, this marks the second time that Aztech has obtained the Investors’ Choice award for Most Transparent Company from SIAS.

Underlying Aztech’s success in investor relations (“IR”) is the management’s philosophy to practice good corporate governance that extends beyond legal compliance. The management directly oversees and controls all IR activities within the Group and ensures proficient information is disseminated to serve the needs of all shareholders.

Aztech advocates the implementation of broad, proactive communication processes to ensure good corporate transparency. Amidst today’s bouyant economy where disclosure requirements have become increasingly complex, there is much emphasis on timely and balanced disclosure to ensure that all investors have access to clear and factual information. Some of Aztech’s effective communication channels include the half-year analyst & media briefings and a dedicated, up-to-date IR online portal. Widely accessible and regularly updated, the website is a one-stop convenient place for information such as analyst’s reports, financial presentations, corporate fact sheet, daily stock quotes and its historical charts. Today, the IR portal web site stands as the most important channel to communicate the corporate governance structure, policies and strategies, resulting in better accountability and investor confidence.

Aztech CEO and Chairman, Michael Mun comments, “We thank SIAS for once again bestowing this invaluable recognition to Aztech and hope to translate this award win into value for our institutional and retail shareholders. We will continue to hold steadfast in our proactive approach to improve timeliness and integrity, so as to further raise the level of confidence in our shareholders.”

In May 2007, Aztech was awarded the Best Investor Relations Award by Singapore Corporate Awards together with Singapore Business Times.

In June 2007, Aztech held an Analyst Day at Dong Guan, China plant with the objective to update our analyst community on the Group’s latest operations activities and also to expand the Group’s communication ties with its research partners.

In August 2007, Aztech participated in Invest Fair '07, organised by ShareInvestor Pte Ltd and was supported by the Singapore Exchange. It was an event for investors to learn and be educated on the latest financial products and services, identify investment trends, understand the market outlook and hear from the experts as to how, where, when and what to invest in.
