

**INTER-ROLLER ENGINEERING LIMITED**

Company Registration Number: 197900230M

## **PRESS RELEASE**

### **INTER-ROLLER'S FIRST FORAY INTO SOUTH AMERICA WITH PROJECT IN QUITO CITY, ECUADOR**

**SINGAPORE, 18 July 2008** - Inter-Roller Engineering Limited ("Inter-Roller") is awarded a contract to design, supply and install a Baggage Handling System for the New Quito International Airport in Ecuador. The contract value is USD5.8 million (SGD7.9 million) and is expected to complete in August 2010. This contract represents Inter-Roller's first project in South America.

This project is a testimony to our growing recognition in the South American market, and it is also in line with the Company's direction to expand geographically.

The contract includes the design, supply and installation of mechanical, electrical and high-level controls that will integrate with 100% Hold Bag Screening.

New Quito International Airport is a greenfield airport built on a mountain plateau, about 18 kilometres east of Quito city. This new airport will have all the facilities that a modern international airport needs, and will be able to handle a capacity of 4.5 million passengers per year.

None of the directors has any interest, direct or indirect, in the above contract. The directors are not aware of any substantial shareholder having interest, direct or indirect, in the abovementioned contract.

**About Inter-Roller**

Inter-Roller, a Singapore Mainboard-listed company, is one of the world's leading companies in the provision of airport logistics systems. Our systems are, namely, the Baggage Handling System, Air Cargo Handling System, In-Flight Catering System and Express Courier Handling System, and our services encompass design, engineering, manufacturing, installation and maintenance support. Headquartered in Singapore and with subsidiaries in Malaysia, China, the Middle East and United Kingdom, Inter-Roller has completed more than 100 projects spanning six continents and more than 25 countries.
